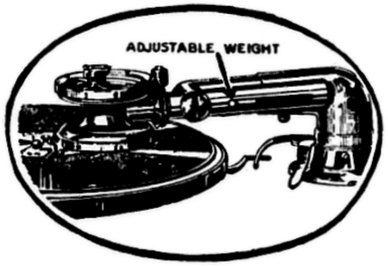
Why the BRUNSWICK is the *Final* Phonograph

It is the *complete* Phonograph ready at any instant to play *all* records at their best. And it is the only Phonograph possessing these two exclusive betterments:

All-record, All-needle Ultona



This is the Brunswick invention which solves the problem of playing *all* makes of records without attachments or extras. Nothing to take off or put on! The Ultona is instantly adjusted by a mere twist of the wrist to play each make of record with the correct diaphragm, the precise needle and the exact weight. And it actually does make your records last longer.

All-Wood Oval Horn

This is the exclusive Brunswick feature which is so largely responsible for the wonderful tone of the Brunswick. The laws of acoustics prove that sound waves travel naturally in ovals or circles. So we build the Brunswick horn *round*—and entirely of wood like a fine violin. It actually does eliminate the harshness and tinny timbre so closely associated with old-time talking machines.

PHONOGRAPHS AND RECORDS

Just you *hear* the Brunswick. Let your ears be the judge. You cannot afford to make a mistake. Go to any Brunswick dealer listed on the other side of this page and ask him to play any make of record on the Brunswick. Also be sure to hear the new Brunswick Records.
